

PASWAN DEV

Beginner Web Developer | Student | Creator

India • [Your Email] • github.com/paswan930 • paswan930.github.io/mywebsite/

PROFESSIONAL SUMMARY

Motivated beginner Web Developer and student with hands-on experience building responsive and interactive web projects using HTML, CSS, and JavaScript. Passionate about learning new technologies, improving coding skills, and turning ideas into useful digital experiences. Familiar with Git, GitHub, responsive design, browser storage, and basic API integration.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript
Programming	Python (Beginner)
Tools	Git, GitHub, Termux
Design	Responsive Web Design, Modern UI, CSS Animations
Other	Browser Local Storage, Basic API Integration

PROJECTS

Smart Calculator *HTML • CSS • JavaScript*

Built a responsive calculator with a clean interface and interactive mathematical functionality.

Note Keeper *HTML • CSS • JavaScript*

Created a browser-based note app with add/delete features and Local Storage persistence.

Quiz App *HTML • CSS • JavaScript*

Developed an interactive multiple-choice quiz with answer feedback, score tracking, and restart functionality.

To-Do App *HTML • CSS • JavaScript*

Built a task manager supporting task creation, completion, deletion, and browser persistence.

Weather App *HTML • CSS • JavaScript • API*

Created a responsive weather app with city search and weather information powered by API data.

EDUCATION

Student — Currently learning Web Development and Computer Programming

CURRENTLY LEARNING

Advanced JavaScript • Modern Web Development • API Integration • UI/UX Design • Real-World Project Development

CAREER OBJECTIVE

To continue developing my technical skills, gain real-world experience, contribute to meaningful projects, and grow into a skilled professional Web Developer.

CODE • CREATE • LEARN • INSPIRE
